DISCLOSURE OF FORMER VEHICLE USE

- Maryland Vehicle Law requires a dealer to disclose to consumers the vehicle's prior use
 - Example

 - As a rental
 - As a Taxi
 - As a demonstrator
 - Other as required see COMAR 11.12.01.14 (M)
 - A disclosure form must be completed and the original kept in the dealer sale file with a copy to the customer

DATE: May 2, 2013

BULLETIN TO: All Dealers

FROM: Brenda Scheydt, Manager
Business Licensing & Consumer Services

RE: **Disclosure of Former Vehicle Use**

In accordance with Maryland Vehicle Law §15-312 Prohibited acts - Vehicle sales transactions and Code of Maryland Regulations (COMAR) 11.12.01.14M, Disclosure of Former Vehicle Use, the Motor Vehicle Administration (MVA) requires dealers to clearly disclose to consumers in a visible and noticeable manner as to the vehicle prior usage. The MVA does not limit which document must contain the required disclosure.

In order to help facilitate this requirement, the MVA has developed a new form **(VR-460) Disclosure of Former Vehicle Use** that the selling dealer may use to disclose any prior usage of the vehicle being purchased by a consumer. If this form is utilized, it must be completed in ink and signed by both parties at the time of sale. A copy of the disclosure must be given to the customer and the original should be attached to the sales order and maintained in the dealership's customer file. A copy of the disclosure must also be forwarded to the Administration along with the application for title.

If you have any questions or concerns regarding this bulletin, you may contact Mr. Kevin Gamble, Assistant Manager of Business Licensing by email to kgamble@mva.maryland.gov or via telephone to (410) 768-7035.

Disclosure of Former Vehicle Use

The following disclosure of vehicle use is set out in the Code of Maryland Regulations 11.12.01.14M. This form is not intended to be all inclusive. There may be other disclosures required by state or federal laws.

Instructions to Dealer: Please print information in ink.

- Motor Vehicle Enforcement Warranty (Lemon Law);
- For public or governmental purposes and normally driven by multiple drivers;
- As an executive driven vehicle;
- As a demonstrator;
- For driver training;
- As a taxicab; or
- As a short-term rental vehicle;
- Other (Specify)

The word "commercial" or similar ambiguous terms may not be used to describe these vehicles.

TRANSMITTAL SHEETS/TITLE LATENESS

- Ensure the branch office date stamps all transmittal sheets

- Have a log, ledger or perpetual records

- Stolen stickers or tags should be reported to the ERT Unit, Business Licensing and your local law enforcement jurisdiction

- Voided inventory should be documented properly
- Limit access to secured inventory to necessary employees only

TAXABLE SELLING PRICE

 - Should be clearly identified and not included as a lump sum on the buyer's order and sales invoice
- Manufacturer's rebates are taxable and should be included in the taxable selling price

Internal Auditing is mandated by the Legislative Auditors to expand dealership audits that have excise tax due based on numerous instances or fraud

TRADE-INS

- COMAR 11.15.33.05 allows dealerships to deduct the trade-in allowance from the taxable selling price
 - The amount of the trade-in allowance may not exceed the trade-in value indicated in the national publication of used cars adopted for use by the Administration
 - Internal Auditing is reviewing transactions on every dealership audit to determine if trade-ins are being handled properly
 - Will tax any material differences and expand when applicable
 - Only 1 trade-in is allowed on any particular transaction
 - The trade-in allowance shall be limited to the vehicle with the highest trade-in vehicle

QUESTIONS AND ANSWERS

Frederick

- ◉ **Do you need a MD State Inspection to do a title only on a lease buyout? Why can't we process these through CVR?**

No, you do not need to have the vehicle inspected. Yes, you can process this type of transaction electronically. However, NI (needs inspection) must be recorded in the inspection field.

- ◉ **Is it OK to use a letter of correction for a mileage error on the back of a Maryland title?**

In order to correct the mileage, you need to apply for a duplicate title. Not all states will accept a letter of correction.

Annapolis

- ◉ **I know we've discussed before, that if a customer has a Maryland driver's license, we MUST collect tax and pay it to Maryland. What can we do in the case where we have a Maryland resident as the FIRST buyer (because of his GOOD credit), but the co-buyer has an out of state driver's license, and they want to title and register the vehicle in the OTHER state, since the co-buyer will be driving it. In this case, do we STILL have to pay tax to Maryland? BTW, the other state is fine with the first buyer having a Maryland driver's license.**

No you do not have to collect the taxes because the vehicle is going to be titled in another state.

- ◉ **Why doesn't the sticker # print on the MVA receipts? It does on CVR.**
The sticker number does not print on the receipt because the MVA system is designed to print the information on the registration card before the sticker is issued.
- ◉ **Do we still send a copy of the secure power of attorney to Room 202 with copy of duplicate title?**

Only one copy of the secure power of attorney needs to be submitted with the title documents

- ◉ **If repurchasing 1812 tags when changing classes, do you get a refund on the unused year? If so, how? What is the incentive to transfer them? Why not just get new tags?**

Yes, the customer needs to complete the refund form and attach a copy of the old registration card. The form and registration card will be mailed to the Glen Burnie Office Room 202.

- ◉ **Excise Tax – Is there tax on tire & wheel plans or Family Customer for Life?**

No.

- ◉ **How should we handle trades from deceased individuals, especially when reselling them? What documents do I need to collect from customers and how should the title be signed?**

You will need the death certificate, title certificate and lien release if applicable. The back of the title is signed by the survivor in the case the vehicle is titled in two names. If titled only in the deceased's name, the person listed on the Letters of Administration will need to sign the back of the title.

- ◉ **How can we avoid electronic violations on insurance inquiry for trade-in vehicles within a few days of purchase?**

The vendors for the Electronic Registration and Titling System (ERT) are currently programming a transaction which will allow tag transfer transactions to update the MVA database.

- ◉ **What is the reason for inconsistencies between Branches and what is being done to rectify?**

A MVA Work Group consisting of employees from each Branch Office has been formed to address issues. If you are having problems, please advise the Maryland Automobile Dealers Association (MADA). They will contact us with your issues.

- ◉ We recently were informed that when the permanent tag is issued, the customer needs to return immediately to pick up their new plates. They are under the impression that the temporary plate is good for 60 days. We call and send postcards, but if the customer cannot return immediately they are driving on illegal tags, even though the expiration date on their temporary tag is still well into the future. Can this be changed? What does MVA suggest we do for our customers to keep their registration legal?

The registration is still legal. The temporary tag has an expiration date of 60 days and the registration is valid for 60 days. The issuance of the metal plates updates on the MVA's database once the transaction is transmitted and the 60 day temporary tag remains on the database for 180 days. The owner should have the temporary registration that was issued if stopped by law enforcement.

- ◉ **If the dealership issued tags in error instead of processing a transfer how do we return the tags and have the refund come back to the dealership instead of the customer?**

Contact the Correction Unit to correct the database to reflect the tag transfer. Return the new tags issued in error to the Central Tag Return Unit and request a refund. In order to issue the refund to the dealership the MVA must receive written permission from the vehicle owner.

- ◉ **I keep getting calls from customers who we have either transferred tags from their trades or we have turned in their tags but got notices from MVA or state jurisdictions concerning the whereabouts of their old car. Is there a way to get their names off the old car so they don't get letters?**

No, MVA is required to maintain the last owner of a vehicle titled in Maryland.

- ◉ We are still unclear on the rules of allowing a tax credit on leased vehicles. Will you please go over the rules again of lease to buy or lease to lease and when you can take the tax credit and when you cannot? It seems to us if the lessee is paying the tax on a lease they should be able to use the tax credit even if they trade a vehicle leased by one company and the new lease is a different leasing company. Thank you.

A trade-in allowance may be applied to the purchase price of a leased vehicle if the trade-in is in the same owner's name as the name of the lessee on the purchased vehicle; or the vehicle is:

- Owned by the same leasing company purchasing the vehicle;
- Being assigned to the dealer; and
- Becoming a part of the dealers inventory for resale.
- A trade-in does not include a vehicle acquired by a dealer but not assigned to a dealer.

- ◉ **Registered Rental cars that are used as loaners - Please specify the tax payment & necessity as to why.**

Short term rental vehicles are subject to Sales & Use tax payable to the Comptroller's Office. Please contact the Comptroller's Office for questions regarding Sales & Use tax and/or to set up an account. Vehicles that are not used for short term rental will be charged title, registration, taxes and all other applicable fees.
